Site Plan

Development Application

Davidson Planning Ordinance Section 14.9

Dear Applicant,

The Town of Davidson and the Planning staff appreciate your interest in our community as a development opportunity and hope you find the process to be fair, transparent, and efficient. This packet contains step-by-step information to make the site plan process easier to understand and complete. In order to assure your project results in a development that serves both your needs and the needs of the community, it is reviewed under the regulations of the Town of Davidson Planning Ordinance and the General Planning Principles, which are:

- We must preserve Davidson's character and sense of community.
- We must preserve and enhance Davidson's unique, historic downtown and neighborhoods.
- We must provide a safe and efficient transportation network for all users by supporting active transportation, transit, and new mobility options.
- We must wisely manage the finite land and natural resources in the town's planning area.
- We must create an environment that maintains and enhances community diversity and inclusivity.
- We must manage growth and support appropriate economic development so the town can provide public facilities and services apace with development.
- We must maintain the town's unique sense of place through quality architecture and design.
- We must consider the town's fiscal health when making decisions.
- We must support our institutional and nonprofit community partners that contribute to our quality of life.

The Planning Ordinance in its entirety is available on the Town of Davidson website: <http://www.ci.davidson.nc.us/1006/Planning-Ordinance>. While all sections may be relevant to your application, Section 14 describes specific procedural requirements.

Planning staff works cooperatively with the developer, the Board of Commissioners, the Planning Board, the Design Review Board, Mecklenburg County, and community stakeholders in order to assure the best project possible. The enclosed information should help guide you through the various town and county procedures. A project manager from the Planning Department will work closely with you throughout the process and is available to answer any questions you may have. Please direct all questions to your specific project manager.

We look forward to working with you to ensure that your proposal reflects Davidson's values and regulations – as outlined in the ordinance and planning principles.

Sincerely,

Jason Burdette, AICP
Planning Director
